RED MEN ARE HERE

THE FIFTY-FIRST ANNUAL SESSION OF THE ORDER CONVENED TODAY.

ARE ABOUT 250 VISITORS HERE

Called to Order by Great Sachem William DeBolt—Addresses Delivered by Mayor Mellor and Also by Red Men.

The fifty-first annual session of the Improved Order of Red Men of Missouri convened in the criminal court room at the court house at 9 o'clock this morning, with an overture of one hour's duration by the Second Regiment band.

Two hundred and fifty Red Men from all over the state, including St. Louis, Kansas City and St. Joseph, are in attendance, with more expected on the night trains.

Will DeBolt, of this city, great sachem of the order, called the session to order and will be in charge until adjournment.

Mayor J. W. Mellor, in a fitting and well received address, welcomed the visiting delegates, throwing open the city's portals for the entertainment and amusement of the convention's assemblage.

Senator Holmes Hall, a member of the order, in behalf of the Red Men, responded, followed by A. J. Connolly, of Richmond, Mo., a member of the finance committee and a candidate for the office of great junia sagamore.

After the report of the credentials

tuted, with a total membership of 1,000.

Tonight the Red Men will be tendered a banquet at the Eagles' hall, after which a vaudeville entertainment will be given.

Between 5 and 6 o'clock this afternoon the delegates will be given an automobile ride over the city as the guests of the Sedalia Automobile club.

The delegates to the convention began arriving Sunday night, followed by others on every train. Each delegate is bedecked with an emblematic badge of the order.

Among the prominent Red Men here are:

As the Democrat-Sentinel goes to press the Athenian and Philomathian literary societies of the high school are meeting in joint session to decide on the place of holding their picnic, which takes place Friday, May 27. Either Lovers' Leap or Cedar Bluff will be chosen, most probably the former.

POLICE REGISTER NOW

Chief Howard Wood Put New Rule Into Effect Today.

No longer will members of the Sedalia police force be permitted to stroll over their beats from 6 a. m. to 6 p. m. without ever seeing the chief of police headquarters, for Chief of Police Howard Wood today inaugurated a new rule, which went into effect at 7 o'clock this morning.

The police register book was put into use, and in the future all patrolmen will be compelled to register every hour of the day and night, while at work, unless they are assigned to a special case.

Fred Robertson was the first to register this morning, doing so at 7 o'clock.

CASES IN POLICE CIRCLES

Trio of Worthless Negroes in Judge Connor's Court.

Dave Brown, Cynthia Maupin and Ola Fisher, negroes, who engaged in a free-for-all fight last Saturday night, were arraigned before Police Judge James C. Connor today.

Brown was sentenced to serve six

months in the county jail, while the women were each given thirty days in the same bastille.

A Mexican, arrested Monday for drunkenness, was fined \$5 by the same magistrate.

Sedalians Receiving Invitations.

Miss Pearl Early, who completes a nine months' course of piano and pipe organ studies the 24th of this month at Forest Park university, St. Louis, is sending her Sedalia friends invitations to the graduating and commencement exercises of that school. Her mother, Mrs. R. A. Early, 510 North Grand avenue, will attend commencement, at which Pearl graduates as an artist pupil.

BURNED TO DEATH

THIRTY-FIVE CONVICTS CONFINED IN A STOCKADE AT LUCILLE, ALA.

STILL ANOTHER FATALLY SHOT

Firebug Who Applied the Torch in an Effort to Escape Was of the Number Who Lost Lives in Stampede.

Centerville, Ala., May 17.—Thirty-six negro convicts lost their lives yesterday when the stockade of the Red Feather Coal company at Lucille was destroyed by a fire started by one of the prisoners in an effort to gain his freedom.

Thirty-five of the convicts were burned to death and another was fatally shot by guards while trying to escape.

Among the former is the negro who started the blaze.

It was with much difficulty that the remaining convicts in the stockade were prevented from eluding the guards.

The financial loss will reach several thousand dollars.

MRS. FISHER'S FUNERAL

The Remains Laid to Rest in Crown Hill Cemetery.

The funeral of Mrs. Theodore Fisher, who died Sunday from heart failure, was held at 2 o'clock this afternoon at the home of deceased's mother, Mrs. W. H. Nichols, 919 South Missouri avenue.

The Rev. F. Y. Campbell, pastor of the First Baptist church, officiated. Burial was in Crown Hill cemetery. Pallbearers were: Ellis R. Smith, Ralph Boies, Peter R. Mueller, E. N. Kauffman, John Cone and John F. Taylor.

Now in the Poultry Business.

Ernest Van Wagner, formerly city collector for Sedalia, who retired recently in favor of H. H. Fleming, the new collector, is now engaged in the poultry and produce business at Green Ridge and promises to do well.

COMET TO MEET US

BUT THERE WILL BE NO HARM, AS HE WANTS TO RENEW OUR ACQUAINTANCE.

GASES OF TAIL ARE NOT HARMFUL

Scientists Say Halley's Orb Has Lost the Most of Its Appendage and May Miss Us Entirely.

St. Louis, Mo., May 17.—Halley's comet, the great sky orb, which has terrified the world for ages, at intervals of seventy-five years, will bring the earth to the crisis of the century Wednesday night.

While St. Louis and all America sleeps and only the astronomers in the great observatories are awake our planet, for three hours, will swing through the mysterious "scintillar of light," the nature of which is still a matter of speculation, even among the noted scientists of the world.

Although no harm will come to the earth or its inhabitants as the result of our voyage through the comet's tail, the planet will be subjected to conditions not felt since the great traveler swept through out solar system three-quarters of a century ago. The distance at which the two bodies will pass is estimated variously at from 11,000,000 to 19,000,000 miles, with 15,000,000 miles as the generally accepted computation.

Since the tail of the comet was but 20,000,000 miles long when the last accurate measurement was made, and since it decreases as the comet moves away from the sun, it will be seen that the possibility of harm to the earth is very remote.

CLERK WHO WAS "FIRED"

Was a Witness in the Ballinger-Pinchot Hearing.

Washington, May 17.—Frederick M. Kerby, the discharged stenographer of the interior department, took the witness stand today in the Ballinger-Pinchot hearing.

Kerby was fired for giving out a letter that reflected not only on Secretary Ballinger, but on President Taft as well.

SALOONS ARE CLOSED

On Orders From Governor Hadley to Militia Commander.

Hannibal, Mo., May 17.—On orders from Governor Hadley, Col. C. C. McDonald, commanding the militia, closed the saloons this morning.

An effort will be made to open the cement works, where a strike is in progress, this afternoon.

Strikers Fire on Soldiers.

Hannibal, Mo., May 17.—The state militia, on guard at the Atlas-Portland Cement company's plant at H-

lasco, were fired on by strikers this morning. The militiamen returned the fire and the strikers escaped in the underbrush. No person was injured by the fifty shots exchanged.

Col. C. C. McDonald, who is in command of the soldiers, immediately made a request for three additional companies. The number in the attacking party could not be ascertained.

Taking Up Condemned Walk.

The work of tearing up the sidewalk on the north side of Broadway, between Kentucky and Montebau avenues, was begun this morning, following the city council's condemnation of the walk.

"CYANIDE" DID IT

THIS WAS THE ONE THING THAT CAUSED CONVICTION OF DR. BENNETT C. HYDE.

NO CONVICTION ON STRYCHNINE

If Defendant Had Used the Poison for Ten Years He Should Have Remembered More Than One Place of Buying It.

Kansas City, Mo., May 17.—Cyanide was the one thing Dr. B. C. Hyde could not explain away and resulted in his conviction of having poisoned Col. Thomas H. Swope. Although there was no direct evidence that the capsule which he ordered gave n to Col. Thomas H. Swope Oct.

COST OF FUNERALS

THE WAR BEGUN IN CHICAGO ON EXTORTION TO BE MADE NATION-WIDE.

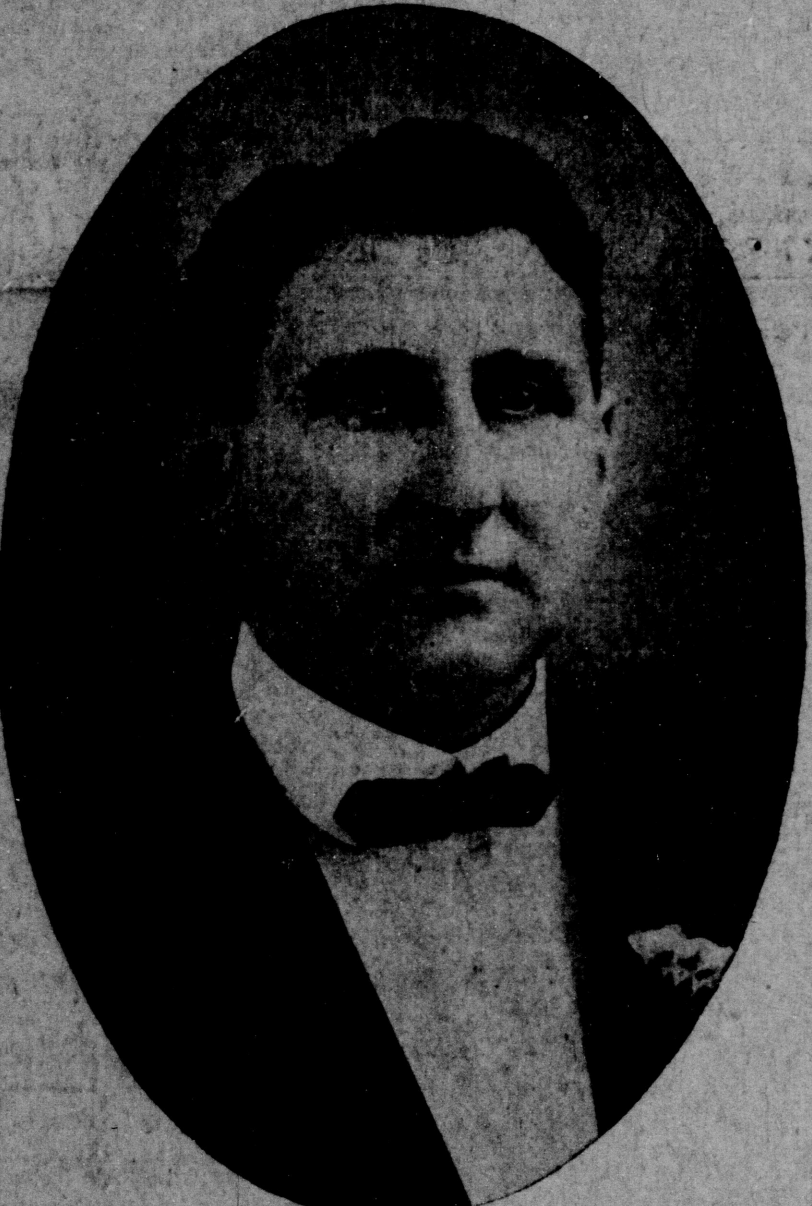

NOT EVERY MAN AFFORD TO DIE

National Association of Charities and Corrections Will Consider the Matter at a Meeting in City of St. Louis.

Chicago, May 17.—The war on funeral extortions begun in Chicago will be made nation-wide during the conference in St. Louis of the National Association of Charities and Corrections, to which the revelations of the Chicago inquiry will be transmitted. Ministerial associations also will take a hand. Bishop Samuel Fellows and Judge C. S. Cutting, of the probate court, have approved the movement, also fifteen social settlements.

"I would be in favor," said Bishop Fellows, "of burying our dead in a simple wicker basket. The idea of burial is to return the mortal remains to the dust from which they sprang. Do not the Scriptures say, 'For dust thou art and unto dust shalt thou return?'"

"When a heavy, elaborate casket is provided this Scriptural command is disobeyed. All the elaborateness of burials, with the attendant customs, such as embalming, are but relics of ancient Egyptian customs and were originally intended to preserve the mortal remains until the day of resurrection. That idea of course has long since been proved fallacious and it is to be regretted that the Scriptures

committee, and seating of the delegates, H. H. Edwards, of this city, a great past sachem, conferred the degrees on the past sachems.

The appointment of the following committees was next, as follows:

State of the order—Dr. Wolfe, of De Soto; A. E. Sartanna, of St. Louis, and J. W. Copeland.

Charters—Fred Sheek, of Decatur; J. A. Kelly, of Flat River, and J. W. Merritt.

Memorial—C. F. Chalappizzi, of St. Louis; George Luzzader, of St. Joseph, and Emil Cotta, of St. Louis.

Press—E. R. Holmes, W. H. Carl, G. A. Cohen, all of Sedalia.

The convention adjourned at 12 o'clock for the noon recess.

The afternoon session was called to order at 2 o'clock.

Greetings were wired to three other great council meetings now in session in the United States.

After the reports of the finance, constitution, representative to the great council and other committees, nominations were made as follows for selecting the next meeting place: Caruthersville, Festus, Lexington, New Madrid, Moberly, St. Joseph and St. Louis.

The nominations were referred to the finance committee, to report at tomorrow's session.

The greatest interest of the crowd was aroused at the approach of the first carriage, containing Queen Mother Alexandra, to whom the hearts of Britishers have gone out during the last week.

Her majesty, wearing the deepest mourning, had lifted her veil, and the people reverently raised their hats to the pathetic figure, who, even in her hour of grief, acknowledged the silent testimony of sympathy by bowing repeatedly.

3, 1909, contained poison, the jury, considering it in connection with the purchases of cyanide capsules, believed Col. Swope was poisoned.

Although Hyde's attorneys will not talk, it is known they were opposed to his going on the stand.

Expert testimony was introduced in plenty, but little of it was considered. The story dragged out of Dr. Hyde in one of the bitterest and most uncompromising cross-examinations a defendant has ever undergone was the story on which the jury deliberated and convicted.

Had there been a satisfactory explanation, Dr. Hyde, it is claimed, would no doubt have been acquitted. It was his inability to remember, although he said he had used cyanide for ten years, and had purchased it in a number of drug stores in Kansas City, where and of whom he had bought it. On strychnine alone, it is asserted, there would have been no conviction.

This was realized by the prosecuting attorney some time before he began proceedings against Dr. Hyde.

An investigation convinced him that a strychnine case could not be made. Then, as if by accident, he stumbled onto the cyanide clue and the chain of circumstantial evidence was complete. It was the purchase of this drug, made in a way that was kept on the books of a drug store, that spelled the word "guilty" in the jurors' minds.

John Parker was given ten days in jail for disturbing the peace by Justice R. G. Leaming today.

BISHOPS ARE ELECTED

By the General Conference of the M. E. Church, South.

Asheville, N. C., May 17.—The Rev. W. R. Lambuth, of Tennessee; the Rev. E. D. Mounson and the Rev. G. R. Waterhouse, of Virginia, were elected bishops on the fourth ballot at the general conference of the Methodist Episcopal church, South, according to an announcement made shortly after the opening of conference today.

On the sixth ballot, Rev. J. H. McCoy, of Birmingham, Ala., was elected the seventh bishop, filling the college of bishops.

Odd Fellows for Columbia.

A carload of Odd Fellows from Lamar, Mo., passed through Sedalia on M. K. & T. train No. 4 at 8:30 o'clock last night, en route to Columbia to attend the grand lodge meeting.

A second carload of Odd Fellows from Joplin passed through Sedalia on the flyer this morning.

A THOUGHT FOR TODAY.

A man should be careful never to
tell tales of himself to his own dis-
advantage; people may be amused
and laugh at the time, but they will
be remembered and brought up
against him upon some subsequent
occasion.—Johnson.

"SHOCKING."

"Shocking" are the conditions ex-
isting in Charles M. Schwab's big
steel plant at Bethlehem, Pa., accord-
ing to Charles P. Neill, commis-
sioner of labor.

He adds that similar conditions ex-
ist in the entire steel industry and
are not peculiar alone to the Schwab
plant. Eighty-four hours a week, or
an average of twelve hours a day,
Sundays' included, the slaves of the
blast furnaces sweat and toil, accord-
ing to this agent of the government,
month in and month out. Some of
them die from overwork and the pec-
uliarly hard conditions of their em-
ployment; others are spared this
slow, long drawn-out torture by some
terrible accident, an almost daily oc-
currence in the big steel plants, that
snuffs out life in a moment. Dante's
Inferno might be compared to this
blast furnace, but it would be un-
just to hades.

Unbearable conditions of employ-
ment are not the only evils the steel
workers suffer. There have been in-
numerable revelations of the fact
that the steel workers are frightfully
underpaid, their wages in most in-
stances being barely sufficient to
meagerly clothe the wives and chil-
dren of the unfortunate employees,
leaving little or nothing for a rainy
day, or for medical attention in case
of illness or accident.

Charles M. Schwab "concedes"
that the conditions existing in his
plant and others are deplorable, but
puts the responsibility on "competi-
tive conditions." Yet Charles M.
Schwab knows, as every other intel-
ligent man knows that the steel in-
dustry is controlled by a great trust;
that the profits of the business are
enormous and that the steel workers
are enslaved and their wives and
children robbed of sufficient food and
raiment in order that dividends may
be paid on millions of dollars of wa-
tered stock.

The conditions in the steel in-
dustry are unquestionably "shocking," as
Commissioner Neill mildly character-
izes them. It is also shocking that
such conditions are permitted to ex-
ist in this land of boasted freedom
and prosperity.

But they are the natural fruits of
the protective tariff policy. The steel
trust is the chief of the "infant in-
dustries, for whose benefit the pro-
hibitive tariff exists. Mr. Schwab and his

associates have become in a few
years multimillionaires. The steel
workers slave and die; their wives
and children suffer and starve. This
is the beneficent fruits of protec-
tion distributed.

A NATIONAL CONSCIENCE.

When the railroads get together to
increase freights and fares; when
eggs and meats are cold stored to
create importunate demand; when
iron, steel, lumber, leather, woollens,
cottons and other prime necessities
are lifted in price by combinations in
restraint of trade, why should not
the middle men follow on and get
their share of the loot?

The middle men do follow on with a
vim and a vengeance. It is not a
legalized and authorized pillage, like
that which builds up the dividends of
the steel trust, but it is very fash-
ionable and very fierce.

There will never again be a return
of conscientious fair dealing in the
United States until the government
puts conscience into tariff rates. The
smaller robbers who see the larger
robbers strutting about the country
with their ostentatious display of
unearned wealth will not hesitate also
to levy what unearned toll they can
get in a smaller way.

Jersey justice is paralyzed. The
months of work on the part of Prose-
cutor Garven in getting in shape the
evidence to show a conspiracy on the
part of Chicago beef barons to
keep up the price of meat has gone
for naught. Governor Fort refused to
grant a requisition on the governor
of Illinois for the extradition of J.
Orden Armour and others of the
meat trust. It is not necessary to go
into a discussion of the soundness or
unsoundness of the elaborate and
wordy argument the governor puts
up for his attitude. The essential
thing is that the tentacles of the
meat trust are shown to reach all the
way from Chicago to New Jersey,
but the arm of justice does not reach
far enough to strike back. There
is something wrong and the sooner
the country finds out what it is and
remedies it the better it will be.

Will Mr. Penrose's committee for
the investigation of the abuse of the
franking privilege inquire into the
matter of mailing mining stock cir-
culars under a senatorial frank?

Can't Theodore find time to free
Ireland before he returns home?

Royal Births Rare in Scotland.

Among all their palaces and castles
it is Balmoral that the royal family
have always looked upon as their
home. Around it cluster the most
pleasing recollections of their child-
hood and early manhood and woman-
hood. It was there that the pres-
ent Queen of Spain and her brother,
Marice were born. It is an in-
teresting fact to remember that until
the Queen of Spain was born there
had not been a royal birth in Scot-
land for nearly 300 years—not in
fact since Charles I. was born at
Dunfermline in 1600.

COMET TO MEET US

(Continued from page 1.)

gas discovered in the comet's tail,
would annihilate life upon the earth
when the passing took place has been
dispelled by announcements that cy-
anogen now is present only in the
head or nucleus, and that the tail is
so attenuated it could not possibly
break the air envelope of the earth.

Sodium, a common constituent of
comets' tails, is present in Halley's
comet, and observers say that there
are signs of internal activities that
may result in the production of a bril-
liant aurora. This, however, is the
only possible perceptible result, as
tronomers say.

There will not be any odor and the
composition of the earth's atmos-
phere will not be changed by ming-
ling with the comet's tail.

The earth in 1861 plunged millions
of miles into the tail of a comet
many times larger than Halley's, and
not even a meteoric shower or an
aurora was noticed.

The latest observations made at De
Paul University, Chicago, indicate
that the tail of Halley's comet may
not reach our planet at all. The Rev.
Daniel McHugh, observor of the uni-
versity, said Monday he believed the
tail would be too short to reach the
earth, and that the comet would not
make itself evident in any way until
it has crossed our orbit and is seen
as a brilliant streamer in the west.

Mississippi Examining Board Refuses
Licenses.

Jackson, Miss., May 17.—Because
they were decidedly "shy" on the
fundamentals of education, 131 pros-
pective doctors have been refused li-
censes to practice in Mississippi. The
state board of health just completed
the examination.

The young men knew all about
sawing the human anatomy into little
bits and their familiarity with herbs
and pills was amazing, but they didn't
know whether R. Waldo Emerson was

nary readers, but most decidedly it
is what every advanced Bible Student
and earnest Christian should possess
and study thoroughly. It costs but
Ten Cents, is illustrated, and draws
its lessons on the higher life from the
types and shadows of Israel's typical

Ants Have Combs.

No creature is more tidy than an
ant, which cannot tolerate the pres-
ence of dirt on its body. These little
creatures actually use a number of
real toilet articles in keeping them-
selves clean. No less an authority
than Dr. McCook says their toilet
articles consist of coarse and fine
toothed combs, hair brushes, sponges
and even washes and soap. Their
saliva is their liquid soap, and their
soft tongues are their sponges. Their
combs, however, are the genuine ar-
ticle and differ from ours mainly in
that they are fastened to their legs.
The ants have no set time for their
toilet operations, but stop and clean
up whenever they get soiled.—St.
Nicholas.

"Do you consider plagiarism per-
missible under any circumstances?"

"Well," answered Senator Sorghum
"it's pretty hard when you find your
self compelled to make a choice be-
tween being interesting or original."

EDUCATOR NEAR DEATH

Prof. Anthony Haynes Once Taught
in Boonville.

Excelsior Springs, Mo., May 17.—
Prof. Anthony Haynes, for more
than a half century a prominent edu-
cator in Missouri, lies at the point of
death here, and physicians say he
cannot live but a few hours.

For many years Prof. Haynes was
connected with the Boonville, Mo.,
seminary, and later established the
Haynes academy at Excelsior Springs.
Two years ago, at the age of 72, he
retired from active work. Prof.
Haynes has five daughters living.

Complicated French Clock.

The clock of Lyons cathedral is a
wonderful piece of mechanism, and
the legend describing it is as follows:
The clock crows, the bell sounds the
hours, the little bells the Sancte Spiritus;
the angel opens the gate to salu-
tate the Virgin Mary. The two heads
of the lions move the eyes and the
tongue. The astrolabe shows the
hours in its degree and the move-
ment of the moon. Moreover the per-
petual calendar shows all the days of
the year, the feast days and the bis-
sextile. The hours at which the
chimes are complete are 5 and 6 in
the morning, midday and 1 and 2
o'clock in the afternoon. The chimes
at the other hours are restricted so
as not to interfere with the cathedral
services.

Complicated indeed is the clock of
Beauvais cathedral. It is said to be
composed of 92,000 separate pieces,
according to a French journal. One
sees on the 52 dial plates the hour,
the day, the week and the month;
the rising and the setting of the sun,
phases of the moon, the tides, the
time in the principal capitals of the
world, together with a series of ter-
restrial and astronomical evolutions.
The framework is of carved oak, eight
meters by five meters, or 26 by 164
feet. When the clock strikes all the
"odious" seems in movement. The
designer wished to depict the Last
Judgment. This wonderful work re-
calls the work of Strasburg, and is
of modern construction. It is the
work of a Beauvaisian, M. Verite, who
was in the engineering department
of the Nord railway. He died in 1887.

The cock crows, angels sound the
trumpet at the four cardinal points,
imitation flames appear from the
openings of little steeples right and
left. God the Father by an inclina-
tion of the head announces that he
has come to judge the world. A soul,
that of the impenitent thief, appears
before the Supreme Judge. It is con-
demned "a l'enfer," and casts it into
the abyss. Next comes the soul of the
just. The angels advance and
conduct it to the realms of day, sac-
red strains being heard as the pro-
cession moves forward.—London

1000 Successful Men.

I have on my desk a list of 1000 suc-
cessful men of this nation. By "suc-
cessful" I do not mean mere money-
makers, but men who have given us
new conceptions of steam, electricity,
construction work, education, art, etc.
These are the men who influence our
moral as well as physical lives. They
construct for better things.

How these men started in work is
interesting. Their first foothold in
work is a fine study.

Three hundred started as farmers' sons.

Two hundred were messengers boys.

Two hundred were newsboys.

One hundred were printers' ap-
prentices.

One hundred were apprenticed in
manufactories.

Fifty began at the bottom of rail-
way work.

Fifty—only 50—had wealthy pa-
rents to give them a start.—Juvenile

Walter Damrosch's Personality.

Walter Damrosch, director of the
New York Symphony orchestra, which
comes to Sedalia Saturday, June 4,
under the auspices of the Ladies' Mu-
sical club, is a big man in every sense
of the word, and his tall broad shoul-
dered form does full justice to a dress
coat. There is little to distinguish
him from any well groomed American
until his face is seen; upon that in-
stant is revealed one reason of his
success. It is a fine face indicative
of much. Probably the chief impres-
sion it gives is one of power, of
strength, of reserve.

There is nothing of the charlatan
about the man; he makes no effort to
seem other than he is. He has no
mannerisms, his hair is worn and
brushed in normal fashion, and those
deluded beings to whom eccentricity
is the sign of genius, would find him
the opposite of their ideals.

FREE ICE PROBLEM

IT IS ONE OF THE CHARITIES
THAT IS WORRYING CHICAGO PEOPLE.

SMALL ICE BOXES FOR THE POOR

Cases Reported Where, for the Lack
of a Cooler, the Frozen Water
Was Permitted to Lie on
the Kitchen Floor.

Chicago, Ill., May 17.—The free ice charities of Chicago have developed a new need, a means to keep the ice from quickly melting on the kitchen floor. Efforts are being made this year to meet that need and one charitable organization is planning to buy small ice boxes and loan them to families where there is sickness, or which must have ice to keep a baby's milk sweet, but which can not afford to buy either ice or refrigerators.

The present plans provide for a box that will hold twenty-five pounds of ice and three milk bottles. Cases have been reported where mothers have bought 50-pound pieces of ice, but for lack of an ice box the ice has been left on the floor and soon disappears.

"The problem of making ice boxes for the poor," said George M. Shirk, a refrigerator expert, "is to build a box that can be sold very cheap and yet is well insulated, is easy to keep clean and is substantial."

Health Commissioner Evans' greatest concern during the hot months, now at hand, is for the babies, and he and the infant welfare committee of the United Charities have their hands full. A health department bulletin said:

"With the advent of the hot weather comes the serious problem to many families of how to properly preserve the baby's milk. Clean milk requires not only cold to preserve it, but very few poor families possess a refrigerator. The cost of an ordinary ice box and the expense of icing is really too great for many families."

One of Chicago's most indefatigable charity workers, Mrs. Herman Falkenstein, said:

"Crowd a whole family into two or three rooms and a couple of boarders or more and a sick and ailing baby and then mix the whole up with a heavy dose of Chicago summer weather, what happens? How long does twenty pounds last? Not very long, does it? Then, how do you expect ice to keep a baby's milk sweet during the hot summer days and nights in the stifling tenements? It is no exaggeration to say that the ghetto buries a city-full of babies every summer."

SLEEPS WITH SHOES ON

Husband Says He Fears His Wife
Might Pawn Them.

New York, May 17.—"That man is so stingy, judge, and he hates to give up money so bad that he puts it in his shoes and sleeps in 'em for fear I'll get a cent or two," said Mrs. Mary McNery to Magistrate O'Connor yesterday.

She had her husband, John, an ice-man, brought to court on a summons. She said she had not been able to get enough money from him to carry on the household.

"Huh, that ain't the reason I sleep with my shoes on, judge, and she knows it, too," said John. "She is the most extravagant woman in the world. I make \$18 a week and I give it all to her, but she's continually 'hollering' for more. The reason I go to bed with my shoes on, and pants on, too, most of the time, is because I'm afraid if I take 'em off she'll pawn 'em."

"In the face of such contradictory evidence," said Magistrate O'Connor, "I don't see what I can do except to direct you to go home and try to make up your disagreements. You give her enough money for the house and I would advise you to wear a different sort of night dress."

NEGROES ARE CRAZED

Quit Work for Prayers in Atlanta,
Expecting World's End.

Atlanta, Ga., May 17.—Hundreds of Atlanta negroes have quit work and gone to praying, as they believe that the world will be destroyed Wednesday when it is struck by the tail of Halley's comet.

The negroes gather in great crowds and sing and pray in efforts to get in spiritual readiness for the end. All industries in Atlanta that depend on negro labor almost are at a standstill. Urged to work, the negroes reply, asking:

"What's the use of working if the comet is going to kill us?"

All the cooks and washerwomen are among the comet-stricken.

MESSERLY'S UNLOADING SALE!

STARTS WEDNESDAY, MAY 18th,
ENDS WEDNESDAY, JUNE 22nd.

Wednesday morning, promptly at 8 o'clock, the doors of this big store swing open to the greatest Clothing Sale we have ever held.

\$5,000 Stock of New Spring Clothing
\$2,000 Stock BOUGHT FROM AN EASTERN MANUFACTURER WHO WAS FORCED INTO BANKRUPTCY.

FOR past years the best Clothing makers have recognized this store as a great outlet for good, dependable Clothing and came to us with quantity lots and such tempting prices that we really bought too heavy. Then, on top of this dilemma, we captured a big bankrupt stock of Men's, Youths' and Boys' Suits and Men's fine Wool Trousers at almost our own price. This bankrupt stock has arrived and certainly loads us up with too much clothing. The management has given orders to turn it loose, and expect to move this stock in a hurry in this Unloading Sale with the biggest price concessions ever made. A Golden Opportunity to buy that new Suit, Trousers, Hats, Gloves, Dress Shirts, Work Clothing, Shoes, etc.. So far this spring we have devoted our attention to the D. y Goods Department, and the men "have their inning." Join the crowd and be here when sale opens. Extra salespeople will be added so that all may be waited on promptly.

Store Will Not Open Until 8 o'Clock P. M.

BY THE TURN OF A COIN

Lawsuit for \$11,000 Was Settled in
New York City.

New York, May 17.—According to a story published here, John W. Gates and John E. Madden settled a law suit, by a flip of a coin yesterday. Gates won \$2500 on the first throw. Another toss and he won \$200, representing the costs of the action. The litigation arose over \$11,000 worth of oil stock bought for Madden

by Gates. After Madden had testified before a referee Gates suggested that they decide by the coin who should pay for the reference. Madden accepted and cried "heads." The coin fell "tails."

"Now I'll flip you," said Madden, "to see whether I pay you \$2500 to settle the case or whether you settle it for nothing."
"Tails," was Gates' answer.
"Tails it is," said Madden. Together they visited the referee to tell him his services were no longer needed.

WHAT WAS DONE AT BI-MONTHLY MEETING OF COUNCIL LAST NIGHT.

PETITION FOR NEW FIRE CHIEF

Signers to the Number of 117 Want W. H. Paul to Succeed Henry Willis—To Confer in Regard to Street Lighting.

Promptly at 8:25 o'clock last night Mayor J. W. Mellor rapped for order at the bi-monthly meeting of the city council. Messrs. Olmsted and Sullivan were absent, the latter coming in about an hour later.

Clerk Baker's report of the previous meeting was read and filed.

G. T. Menefee's petition to have W. H. Paul appointed chief of the fire department, vice Henry Willis, the present chief, was presented by James T. Montgomery. The petition carried 177 signatures. After Clerk Baker read the names of the signers, Mr. Ilgenfritz's motion to file away the petition carried.

On motion of Mr. Ilgenfritz, Clerk Baker was instructed to notify the M., K. & T. to repair the crossing on Ohio avenue, the same as the Missouri Pacific has done, to prevent flooding the tracks.

Alderman Ilgenfritz's motion to have the lighting committee of the council confer with the management of the Sedalia Light and Traction company relative to entering into a contract for street lighting carried, and Mayor Mellor instructed the committee to be able to report at the next meeting.

Ben Gorrell was awarded the contract for curbing at Liberty park at 25 cents per lineal foot. Mr. Gorrell also got the contract for concrete curbing on North Prospect avenue, at a cost of 30 cents per lineal foot.

The bid of the Midland Bridge company, of Kansas City, to build the Washington avenue viaduct at a cost of \$12,000 was referred to the proper committee to investigate.

City Attorney Cooney was instructed to prepare a new resolution for paving Third street from Osage to Park avenue.

An ordinance making it a misdemeanor for any property owner to fail to reconstruct sidewalks when ordered to do so by the council was adopted, likewise a resolution condemning a sidewalk in front of the Oly Lydick property, on West Fifth street.

Resolutions were adopted as follows:

Condemning sidewalks on Main street, between Lamine and Kentucky avenue.

For a concrete sidewalk on the west side of Prospect avenue between Broadway and Twelfth streets.

For concrete sidewalks on both sides of Morgan street from Montebau to Missouri avenues.

George Thompson was appointed a member of the police force, vice John Jackson, resigned.

An ordinance accepting the concrete curbing on Dal-Whi-Mo court was adopted.

John Reynolds' request to have his license of \$15 per annum reduced to a less amount was referred to the finance committee.

After allowing all properly audited bills, council adjourned at 11 o'clock.

YOUTHFUL BEAUTY

How to Retain and Preserve It for Many Years.

What would you give for a sure method of stopping the ravages of time—or, better still—turning back the hands of the clock for a few years, until you returned to the period of rosy cheeks and the clear, healthful complexion that we so greatly admire in youth? This is easier than it sounds, and there is no mystery about the process, for it simply requires the combined use of Crown Cream and the Harlan Beauty Cup.

The countless friends of Crown Cream know that this is the one "toilet article" that never disappoints its patrons. Even when used without massage, it works wonders for the dead skin tissues, plumping out those portions that are illy nourished, cleansing away impurities, as well as pimples, black heads, liver spots and like blemishes.

But it is when used with the Beauty Cup that Crown Cream is really at its best, because then it has the advantage of the most perfect form of massage ever devised. Nothing else will act so quickly upon wrinkles and the other marks of time which are so unnecessary. The Beauty Cup costs only 50c and this is the price, too, of Crown Cream by the jar. Your dealer should keep both of these toilet necessities, but if he does not, you can order them direct from the Harlan Mfg. Co., Toledo, O., who will send the goods prepaid upon receipt of price.

Government Experiments to Show That It Is Possible.

"In 50 per cent. of the industrial plants of the United States more than 10 per cent. of the coal bill can be saved each year by the smokeless burning of coal and 5 per cent. in the other plants," is the optimistic statement of the United States Geological Survey.

The economic waste of the unconsumed carbon in smoke has, however, long been recognized. The trouble has been to contrive practical measures that would make smoke consumption an actual economy to the man who pays the bills; and until that is done, says the State Board of Health Bulletin, the aesthetic loss of a sunless, smoke laden atmosphere, the monetary loss in the deterioration in smoke begrimed commodities and the unquestionable physical loss in the deleterious effects of smoke upon the health seem fated to continue on unchanged.

The United States Geological Survey experimental station at Pittsburgh claims to have found a workable solution to the problem. Its plant in that city of smoke is operating absolutely without smoke, in spite of the fact that it is using coal considered refuse by the trade and costing only 88 cents a ton delivered at the station. The secret of the success lies in perfect combustion before the gases strike the chilling surface of the boiler, and this perfect combustion depends upon the use of mechanical stokers.

SALARY OF \$10,000

THAT OF THE COMMISSIONER OF PUBLIC WORKS IN CHICAGO, ILL.

WAS LANDED BY B. J. MULLANEY

Biggest Job in the Lakeside City, but at the Same Time It Is One That Brings "Kicks" Without Number.

Chicago, May 17.—The biggest job in Chicago is that recently given to Mayor Busse's secretary and official spokesman, B. J. Mullaney, the job of commissioner of public works, with a salary of \$10,000. The scope of that job is colossal; it includes general supervision over the water supply, last year totalling 150,000,000 gallons; the city street cleaning and garbage removal, the sewers, railway track elevation and the small parks and playgrounds.

That means general supervision of municipal operations that are closest to the citizens, the responsibility for the acts of employees numbering several thousand, who collect and disburse over \$5,000,000 and have charge of property valued at \$65,000,000.

The bridges and viaducts, the river and harbors and the buildings all produce problems and predicaments for the commissioner of the public works.

No wonder that the Merriam commission which has been probing the municipal departments found loose system in this huge department. The purchasing of the department alone is a huge task, particularly in the bureau of engineering, for pumps of a capacity of 25,000,000 gallons and even 40,000,000 gallons are among the items to be purchased.

The task of garbage removal has reached unwieldy proportions and the method of disposal is antiquated a fact which each succeeding commissioner has had to contend with, on top of all his other troubles.

Those other troubles include complaints against the sewers, of which in 1907 there were 10,103, the sewage pumping, which totals nearly 15,000,000 gallons a year, and the bureau of maps. The renumbering and changing of streets makes the map bureau important. Against all these bureaus there is a continuous fusillade of "kicks," which makes the life of the commissioner no round of pleasure.

KANSAS MAN GIVES STRONG TESTIMONY

William O. McFarland, a well known resident of Wichita, Kan., living at 607 North Water street, that city, is a strong believer in the efficacy of Cooper's New Discovery. In a recent statement Mr. McFarland says:

"As an after-effect of typhoid fever and the grip, I have suffered from

stomach trouble for the past three years. I had no appetite and did not get the proper nourishment from my food. As a result I was very weak and felt tired and worn out, having no energy nor ambition. I experienced a feeling of heaviness in my stomach and belched a great deal of gas. I tried a number of remedies that were recommended to me and took treatment from several physicians, without any permanent benefit.

"I finally decided to try Cooper's New Discovery, after noticing a number of advertisements in the newspapers regarding it. I found it all it was claimed to be. Within a few weeks the belching had ceased entirely, and the feeling of heaviness and distress disappeared. I began to relish my meals and soon gained in strength and weight. I was greatly surprised with the prompt action of the medicine, and gratified with the results I obtained from its use."

Persons afflicted with worn out stomachs should try Cooper's New Discovery. There is a heavy demand for the Cooper remedies, for which we are agents in this community. W. E. Bard Drug Co.

Bank Burglar's Tools.

According to a recent decision of the Kentucky Court of Appeals a bank cannot recover indemnity from a casualty or burglary insurance company in the case of robbery through intimidation of the cashier or other official.

It appears that the bank in this case had closed and the money had been locked in the safe, when robbers appeared, held up the cashier and forced him to open the safe. The casualty policy provided indemnity only in case after the bank had closed where entrance was made to the safe "by means of tools or explosives employed directly thereupon."

The bank claimed that the cashier formed a tool within the meaning of the policy but the court holds that more ordinary burglars' tools were meant.—Daily Eastern Argus.

RICKARD IS NAMED

TO REFEREE THE BIG FIGHT IN SAN FRANCISCO, CALIFORNIA, ON JULY 4.

WRANGLE FROM START TO FINISH

Berger and Johnson Fail to Agree After Heated Wrangle, and the Promoter Takes Job of Running Big Mill.

San Francisco, Cal., May 17.—"Tex" Rickard, who is associated with Jack Gleason in the promotion of the Jeffries-Johnson contest, and who came into prominence four years ago when he engineered the Gans-Nelson fight at Goldfield, Nevada, was yesterday selected to referee the battle between the two heavyweights.

In accepting the place, however, the Nevada promoter made it clear he would step aside if Jeffries and Johnson agreed upon another man. This settlement of the difficulty came when it looked as if the meeting to select a referee would end in another deadlock, and after bitter words had passed between Johnson and Sam Berger, Jeffries' manager.

Johnson first suggested Rickard, but Berger refused to consider the Nevada man, saying he would not accept him on account of his inexperience. The colored champion declared he would stand pat on the three men he had mentioned—Jack Welsh, Eddie Graney and Rickard—and Berger indignantly replied that he would leave the meeting. Then there came a further clash between Berger and Johnson, in which ugly words were used by Berger and threats were made by Johnson. Berger stood up as if to leave the meeting place.

"So you want Rickard, do you?" he queried of Johnson.

"Yes," came the answer.

"Well, all right," replied Berger, and the crowd broke into a cheer as it finally realized one of the difficult points had been settled.

Richard made the following statement: "To straighten out this affair, I am willing to act, providing my name is agreeable to all concerned. I don't want to act, and I hope before the fight takes place that Jeffries and Johnson will agree upon another man. If they can come to terms, I am perfectly willing to step down and out. But if they can reach no other agreement I will not back down."

In spite of the agreement there is a feeling of mistrust among those who attended the session that the last word has not been said and that sooner or later the referee question must again be taken up for consideration. It has been rumored that to give the impression everything is in working order Rickard has been named until the contestants have further time to look the field over. This feeling, in fact, has been strengthened by the statement made by Rickard.

Berger, during the negotiations, lost his head completely and missed many a chance to score a telling point. From the start he showed his temper and toward the close it looked for a time as if there would be a free-for-all fight. Just before the compromise was reached Berger, in an undertone, declared that "I'll go over and hit that black man," at the same time applying an epithet.

This was carried to Johnson, who warned Berger never to call him that name again.

Berger denied that he had said anything of the kind, but Johnson's followers declare he did, and muttered among themselves that if Berger repeated what he had said he would never leave the room.

"You're just an educated dog," said Johnson to Berger. "Now come out and fight if you want to. I'll give Grande Garage."

\$1,000 if you will come right out with me and box just three rounds."

They were finally quieted down and the session resumed.

At the start of the meeting Berger again named the five men he wanted—Eddie Smith, Billy Roach, Charley Eytan, Phil Wand and Johnny Herget.

Johnson renamed Welch and Graney and said he would stick to them. He intimated further that he would allow no one, not even the promoters, to do the selecting for him. All sorts of compromises were suggested. Berger said he would be willing to have the sporting editors of the five San Francisco papers name the referee or that he would allow these same sporting editors to act in conjunction with the two promoters.

There was a world of horse play all the way through the session, with Johnson playing to the galleries.

NEWS OF THE RAIL

MISSOURI PACIFIC IS NOT EXPECTING TROUBLE WITH BOILERMAKERS.

COACH, CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

The two following paragraphs are taken from the Jefferson City Post of Monday afternoon:

"The Missouri Pacific has put 22 machinists to work here to take the place of the strikers and has notified the striking men if they did not return to work tomorrow they would be discharged.

"It was reported here today that the boilermakers would go on a strike tomorrow unless the non-union men are taken out of the machine shop. Should this step be taken, it would cripple the works here at the round-house."

The Democrat-Sentinel is officially advised that a committee from the Boilermakers' union will confer with the Missouri Pacific management in St. Louis either today or tomorrow regarding a new wage scale, and it is almost certain that an amicable understanding will be reached.

Company officials in Sedalia do not anticipate any trouble with the Boilermakers' or Blacksmiths' unions by reason of non-union machinists having been employed at several points on the system to take the places of striking union machinists.

M. K. & T. Sued for \$10,000.

Through his attorneys, J. I. Shepard and J. L. Caldwell, Wesley Howard, a section hand, has filed suit in the district court at Fort Scott, Kas., against the M. K. & T. railway company, asking for \$10,000 for personal injuries sustained in the wreck on the Katy near Hiattville, on March 10th of this year.

The plaintiff alleges that he was permanently injured; that his neck, spinal cord, back and shoulders were wrenched, resulting in permanent injury.

This is the wreck where fifteen or eighteen were injured. All were in a car of ties when the car turned over with them. Mercy hospital was filled with injured workmen after the accident.

Big Shake-Up on Katy.

It is reported this morning, says a St. Louis dispatch to Monday's Denison Herald, that the general shake-up on the Missouri, Kansas & Texas will include the transfer of W. B. Groseclose from here to Chicago to be assistant freight traffic manager.

It is said J. B. Allen, now general freight agent of the Texas lines, will come here as general freight agent, and that Allen will be succeeded by J. L. West, assistant here; that R. S. Briggs, of Houston, will become assistant general freight agent here, when J. L. West, present assistant here, succeeds Allen at Dallas; and E. H. Coombs, of San Antonio, is going to Houston to be assistant general freight agent.

The report is not officially confirmed.

Remorse Kills an Engineer.

Lee Douty and a tramp died dead side by side at the morgue.

Douty was an engineer on the Northwestern, Twilight Limited and his engine ran over and killed the tramp as the train was pulling into Duluth Sunday evening. Douty grieved so much over the killing of the tramp his anguish induced heart failure, which caused his death early Monday.

Douty was 57 years old and had been a railroad forty years. He had never had a mishap before. His widow lives at St. Paul.

Wage Increases Granted.

The trainmen and conductors of the Lake Shore and Michigan Southern railroad and the Michigan Central railroad have been granted wage increases identical with the Baltimore and Ohio award by the arbitrators, P. H. Morrissey and E. E. Clark.

Automatic Couplers.

Arthur Sedden, roadmaster for the M. K. & T. at Nevada, is here today on business.

J. C. Hunter, an M. K. & T. extra conductor, is laying off. Hayden Mason is filling the place.

CHARGED WITH MURDER

William Allen Accused of Killing Thirteen Years Ago.

Springfield, Mo., May 17.—Information was received here last night from Cassville, Barry county, stating that William Allen, who is charged with murdering Hank Gibbs at Golden, that county, thirteen years ago has been captured and is now awaiting officials from that county in the county jail at Marshfield, Ore.

The killing resulted from a game of poker, in which Gibbs won all of Allen's money. Allen is alleged to have followed Gibbs down the road and shot him. He was captured as the result of talking to some of the prisoners confined in the Oregon jail, whom he told of his crime in this state. The Barry county officials were notified and they are now working on the case to see if enough testimony can be obtained to convict in case the man is brought back.

ON THE TRIAL OF A NEGRO

Sheriff and Posse With Dogs Are After a Thug.

McAlester, Okla., May 17.—Sheriff Harrison with a posse of men, together with dogs from the penitentiary, are trailing a negro south of town.

The negro went to the home of Frank Holladay Monday forenoon and asked for a match and a drink of water. He was given the things, but was not satisfied. He grabbed Mrs. Holladay and dragged her around the room, asking for money. She scuffled with him and was about to get away when the negro struck her over the head with a pistol and then ran. It was hours before the officers were notified.

Condition of Ex-Banker is Steadily Growing Worse.

Chicago, May 17.—Coincident with the return of Dr. L. Blake Baldwin from the federal prison at Fort Leavenworth, Kas., the condition of John R. Walsh, which has alarmed his family and his friends, became known yesterday. The convict banker is failing in health and his condition has grown steadily worse since he donned the prison garb.

Dr. Baldwin declined to discuss the condition of his father-in-law, other than to say his condition was not improved. He stated that Mr. Walsh does not suffer from any specific illness.

Sons of Mrs. Haley Believe, However, She Was Poisoned.

Springfield, Mo., May 17.—A theory of suicide to account for the mysterious death of Mrs. Alice Haley, wife of John F. Haley, who died here two weeks ago, was advanced yesterday by friends.

Though her sons, Frank Ellenbaum, of Chicago, and Fred Ellenbaum, of St. Louis, believe she was poisoned, acquaintances who have investigated believe that Mrs. Haley, in despondency, took her own life.

- 200 lbs flour.
- 200 lbs potatoes.
- 50 lbs cane sugar.
- 10 lbs fresh butter.
- 10 dozen fresh eggs.
- 40 quarts milk.
- 10 lbs bacon.
- 10 pot roasts.
- 6 lbs pure lard.
- 20 lbs corn meal.
- 12 lbs oat meal.
- 10 lbs salt.
- 5 lbs dried fruit.
- ½-dozen cans fruit.
- ½-dozen ground spices.
- ½-dozen flavoring extracts.
- 3 lbs baking powder.
- 10 glasses jelly.
- 10 lbs prunes.
- 28 bars water white soap.
- 10 lbs good coffee.
- 4 lbs good tea.
- 1 ton coal.

And then I will have money enough left to buy my boy a new \$5 school suit, a \$5 dress for my wife, and still have \$3 with which to start a savings bank account. Hurrah for the discovery! A DRY SEDALIA WOULD IMPROVE BUSINESS IN MY HOME! HOW ABOUT YOURS?

Sermon by
CHARLES T
RUSSELL,

Pastor Brooklyn
Tabernacle.

Great Sermon at
Albert Memorial
Hall

Text: "And it shall come to pass
in the last days, saith God, I will
pour out my Spirit upon all flesh;
and your sons and your daughters
shall prophesy and your young
men shall have the vision which your
ancestors dreamed of; and on my
servants, and on my hand-maidens I
will pour out in those days
my Spirit, and they shall proclaim."—Acts 2:16-18. (Preferred
Translation.)

London, Eng., May 15.—The Albert
Memorial hall, recognized every-
where as the largest modern audi-
torium in the world, was crowded to-
day to hear Pastor Russell, of Brook-
lyn Tabernacle, New York, on "Pen-
tecostal Blessings." Many of the
most prominent stalls and boxes are
owned by the nobility, many of
whom occupied them, while others,
unable to attend, graciously granted
permission for their occupancy by
others; but hundreds were turned
away. The meeting was held under
the auspices of the "International
Bible Students Association." The
speaker said:—

It is appropriate that on this day,
celebrated and recognized as the an-
niversary of Pentecost, we should
consider the import, and have well
in mind what we celebrate. I there-
fore take as my text, the words of
St. Peter explanatory of the occa-
sion: "This is that which was
spoken by the Prophet Joel: And it
shall come to pass in the last days,
saith God, I will pour out my Spirit
upon all flesh; and your sons and
your daughters shall prophesy, and
your young men shall have the
vision which your ancestors dreamed
of; and on my servants and on my
hand-maidens I will pour out in those
days my Spirit, and they shall pro-
claim." (I give you a preferred
translation.)—Acts ii, 16-18.

St. Peter declares that the out-
pouring of the holy Spirit upon the
waiting believers at Pentecost was
mentioned by Joel the Prophet, but
he does not say that all of the
prophecy was fulfilled there and
then. As a matter of fact we know
that the holy Spirit was not then
poured out on all flesh; it was
poured out merely upon God's ser-
vants and hand-maidens. A careful
inspection shows us that there are
two parts to the prophecy—(1) All
flesh, and (2) God's servants and
hand-maidens. The order of the
blessing is also stated. It will come
upon all flesh after those days, but
upon the servants and hand-maidens
in those days. The days mentioned
evidently refer to this Gospel age—
from Pentecost to the second coming
of Christ.

In this period, of now nearly nine-
teen centuries, God's holy Spirit has
been granted to his faithful ones, and
to these alone. Only the fully conse-
crated have been accepted of the
Lord as living sacrifices, and only
such have been begotten of the holy
Spirit, that they may be "new crea-
tures in Christ." During all this
time, the world has been unrecognized
so far as the holy Spirit is con-
cerned. Indeed, the Apostle after
Pentecost went still further and de-
clared that "the whole world lieth in
the Wicked One." The only action
of the holy Spirit must be, as in the
case of Felix, to "reprove the world
of sin and righteousness, and of a
coming judgment." Our text de-
clares, however, that the time is com-
ing when the world will receive a
share of the great Divine blessing,
which was fully assured by the death
of Christ. But its time of favor will
be "after those days"—after this
Gospel Age shall have come to an
end; after the New Dispensation, the
Millennial Age, shall have come. Let
us note first the blessings belonging
to this Gospel Age, in which we are
specially interested, and subse-
quently let us notice the blessings
that God has promised shall come to
all mankind.

The Church's Pentecost.
It is not sufficient that we say that
a Pentecostal blessing came upon
the followers of Jesus in the upper
room at Jerusalem, totally different
from anything that had been known
in the world before! We want to
know why it was so; and if a bless-
ing, why it did not come sooner to
God's people? We remember Abel,
Enoch, Noah, Abraham, Moses, Dan-
iel, the Prophets; we recognize the
fact that they were grand charac-

ters, and, as St. Paul said, "They had
this testimony that they pleased
God." Yet there was no Pentecostal
outpouring in their day, nor until the
age of man in the world was more
than four thousand years. Why was
this? We answer that God has his
own times and seasons for the var-
ious features of his work.

We recall the words of our Lord
Jesus, respecting his forerunner,
"Verily I say unto you, among them
that are born of women there hath
not risen a greater than John the
Baptist; notwithstanding he that is
least in the kingdom of heaven is
greater than he" (Matthew xi, 11).
Why could not John, and others of
the prophets preceding him, enter in
and enjoy this Gospel favor? We an-
swer, in the language of St. Paul,
"God having provided some better
thing for us, that they without us
should not be made perfect" (He-
brews xi, 40). Our Creator has great
gifts to dispense to our race through
the Redeemer, and it is for him to
determine the time and the seasons
for the dispensing of these blessings,
and to whom they shall go. Accord-
ing to the Divine arrangement, the
Redeemer had first to die as man's
Ransom-Price, before any of the race
could come back into full relation-
ship with the Creator. It is true that
by faith Abraham and others of the
past did enjoy certain of God's fa-
vors, and much of his fellowship,
but none could be received into full
sonship and joint-heirship with
Christ, until first their sins had been
cancelled. Then they could be ac-
cepted in Christ on the terms which
the Father has appointed.

Those very disciples who received
the blessing in the upper room on
Pentecost had forsaken sin, had be-
come Jesus' disciples, had made full
consecration of all their earthly
hopes and interests, had been accept-
ed by the Lord Jesus, and he had put
his Spirit upon them, enabling them
to do man's mighty works in his name.
However, it was one thing to do
mighty works through his spirit, or
power, and another matter to possess
that spirit inherently—to act directly
as agents of divine favor instead of
indirectly. It is in harmony with this
thought that we read that after our
Lord breathed upon them the holy
Spirit, symbolically imparting his
Spirit, and commissioning them as
his representatives to preach the Gos-
pel he told them, nevertheless to tar-
ry at Jerusalem until they were en-
dued with power—the holy Spirit—
until the Father should recognize
them directly as his ministers and
ambassadors.

From the standpoint of Divine Jus-
tice, the Apostles and believers were
still under sentence of death as
sinners at the time of our Lord's
death, at the time of his resurrection,
at the time of his ascension. Then

forty days, invisibly present with his
disciples, except on a few occasions
for a few moments each, our Lord
ascended, and after ten days the holy
Spirit from the Father came upon the
waiting household of faith. It evi-
denced to them the fact that their
sins had been forgiven for Christ's

from all things through his sacrifice,

there were two opening works to be
accomplished.

The Church, under Christ her Lord,
is God's kingdom, not yet set up or es-
tablished "in power and great glory"
—not yet finished or inaugurated. The
work of this Gospel Age is to "call"
or invite such as have a hearing ear
to become joint heirs in this King-
dom, for which he taught us to pray,
"Thy kingdom come, thy will be done
on earth as it is done in heaven." So
many as genuinely accept this heav-
enly calling, this "high calling" to glo-
ry, honor, and immortality, are proba-
tionary members of the Kingdom of
Heaven. Such are Scripturally ex-
horted to continue faithful to their
vows of consecration, and thus make
their calling and election sure to a
place in this glorious kingdom, which
will be inaugurated at the second
coming of Christ. But the Lord in-
structs all, saying, "Sit down first and
count the cost" (Luke xiv, 28); "but
if any man draw back, my soul shall
have no pleasure in him" (Hebrews
x, 38).

All who are thus spirit-begotten (by
the holy Spirit (John i, 13) during
this age are promised a spirit birth,
to spirit-being in the resurrection.
We read, "It is sown in corruption; it
is raised in incorruption; it is sown
in dishonor; it is raised in glory: it
is sown in weakness; it is raised in
power: it is sown an animal body;
it is raised a spiritual body....For
this I say, brethren, that flesh and
blood cannot inherit the Kingdom of
God; neither doth corruption inherit
incorruption" (I Corinthians xv 42-
44, 50). The entire period between the
first advent and the second advent of
our Redeemer is set apart in the Di-
vine Program for this great work of
selecting from amongst men the "lit-
tle flock" such as shall be counted
worthy of these honors on the spirit
plane, and the privilege of participat-
ing with Messiah in his great work
of the next age.

To the Jew First.

Only Jews received the Pentecostal
blessing. The Gentiles were excluded
for three and a half years thereafter,
in harmony with a divine promise
made to the Jewish nation. Then
came the time for a similar privilege
to be extended to the Gentiles, and
the record informs us that Cornelius
was the first Gentile to be received
into spiritual relationship with God.
He was a good man, and had been a
good man for years; he prayed often,
and gave much alms to the people,
but until then, the middle wall of par-
tition separated between Jew and
Gentile. Even then he could not be
received of God because of his works,
or prayers, or alms, but must first be
instructed respecting Christ and his
redemptive work, and must believe
and accept the same. "Neither is there
salvation in any other; for there is
none other name under heaven given
among men, whereby we must be
saved" (Acts iv, 12), either in this
age or in any other.

Thus it was that, in harmony with
the Redeemer's promise, St. Peter

used the "key" which introduced the
Gentiles to the Pentecostal blessings.

As he used the first key on the Day
of Pentecost in explaining to the
multitudes of Jews the meaning of
the Pentecostal blessings, and the
privilege they had of entering into
the Divine favor thereby, so, at this
later date, the Lord instructed Cor-
nelius to send for Peter, saying,
"Send therefore to Joppa, and call
hither Simon, whose surname is Pe-
ter; he is lodging in the house of
one Simon, a tanner by the seaside;
who, when he cometh shall speak
unto thee" (Acts x, 32; xi, 14, 15.)
Thus were the two "keys" used by
Peter, and thus were the doors of
the Gospel, the high calling of joint
heirship with Jesus, thrown open,
both to the Jews and to the Gentiles,
through faith in the precious blood.
The doors thus thrown open are not
yet closed; but, as we sometimes
sing, "That gate was left ajar for me."

I rejoice with you today, fellow
students of the Word of God, that
this great gift of God is still obtain-
able, that the time has not yet fully
come when the door of opportunity
to this high calling must close. Close
it will so soon as the full number of
the "elect" has been completed.

Thank God that another door will
then open, the door of restitution to
human perfection and to earthly life,
grand beyond the power of descrip-
tion.

But the blessed opportunity of this
Pentecostal favor is still granted. As
St. Peter declares in his epistle,
"Whereby are given unto us exceed-

This Free Remedy Helps Sickly Babies

Babies and children suffer mostly from the stomach. There is something wrong with the milk or with the eggs or with the minor articles of food, for it doesn't take much to disturb a child's stomach. One thing the mother can always be sure of and that is that no harm can come from giving a small dose of a mild laxative, for it is sure to be better off for it. You know your own feeling of lightness and ease when that function has been performed, so how much more important is it to the child?

Watch carefully that your child does not become constipated, for if it does not have at least one or two movements of the bowels each day it is constipated. From constipation comes headache, a feeling of oppression, bad breath, nausea, sour stomach, etc. In these troubles you can obtain nothing better than Dr. Caldwell's Syrup Pepsin. Give it in the small doses prescribed for children and watch the sickly child become healthy and well, full of appetite and energy.

Mothers all over this country have been using this remedy for a quarter

of a century and many heads of families like Mr. C. L. Lynch of Billingsley, Ala., and Mrs. Amanda Black of Laura, O., would not keep house without it. They have long ago discarded tablets, pills, salts and such things for the milder, more gentle and more effective Dr. Caldwell's Syrup Pepsin, which every member of the family, from the youngest to the oldest, can use with safety. It is in the homes of more families today than any other laxative, but if you have never used it Dr. Caldwell urges you to send him your name and address and he will send you a sample bottle free of charge. If its use convinces you that it is the remedy you have been looking for then buy it in the regular way of your druggist at fifty cents or one dollar a bottle, just as so many others are doing.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 5500 Caldwell building, Monticello, Ill.

Third Hearing of Criminal Case.

Joplin, Mo., May 17.—The third hearing of the case of Thad Rainey, charged with felonious assault, will be called in Division No. 2 of circuit

court today. At the two former trials the jury disagreed. Rainey is charged with feloniously assaulting his brother-in-law, Albert Baker. Much interest is centered in the outcome of the proceedings.

TIZ—For Tender Feet

Tired, Aching, Swollen, Smelly, Sweaty Feet? Corns, Callouses or Bunions? Use TIZ—it's Sure, Quick and Certain.

You Will Enjoy Using TIZ, the Most Pleasant Remedy You Ever Tried and Moreover it Works.

At last here is instant relief and a lasting permanent remedy for sore feet. No more tired feet. No more aching feet. No more swollen, bad smelling, sweaty feet. No more corns. No more bunions. No more callouses, no matter what ails your feet or what under the sun you've tried without getting relief, just use TIZ.

TIZ is totally unlike anything else for the purpose you ever heard of. It's the only foot remedy ever made which acts on the principal of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleanses them out and keeps them clean. It works right off. You will feel better the very first time its used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25c per box, or direct if you wish from Walter Luther Dodge & Co., Chicago, Ill.

A CHICAGO STRIKE

THAT OF THE TAXICAB CHAUFFEURS HAS BROUGHT JOY TO POLICEMEN.

JOY RIDES FOR FORTY-TWO OF 'EM

These Special Officers Are the Envy of the Men Who Guard Crossings and Are on Their Feet Entire Day.

Chicago, May 17.—A strike of taxicab chauffeurs has brought "joy rides" to forty-two fortunate policemen who have been assigned to protect the non-union taxis, for their days and evenings are spent in auto riding about the city in the crisp spring air.

The duty of filling the front seat of a handsome taxi as a concrete evidence of the majesty of the law has made these guards the envy of the crossing men who keep traffic moving. The job at crossings, dodging cars and helping men, women and children dodge them is no sinecure—in fact, is hazardous, as the hospital roll attests.

Captain Charles C. Healy, who recently was sent to London to investigate street traffic handling, has reported the number of constables on duty as small, but the traffic is controlled with the frictionless precision of clockwork.

"Why is this possible?" he says. "Simply because the constables, who, of course, know their business, are dealing with a public which profoundly respects the law and orders of the officers. Herein, I believe, is the greatest lesson Chicago can learn from London in harmony and unobstructed movement in the streets. The public of Chicago must be taught to realize that strict obedience to the law and the commands of the police guarantees the rights and promotes the interests of everyone using the streets."

"In London no cabman, or chauffeur, or teamster, or anybody else, dreams of disputing the authority of the crossing constable, and one scarcely hears a word spoken. The constable's lifted finger does the business."

MRS. MOORE WAS INJURED

She is President of the Federation of Women's Clubs.

St. Louis, Mo., May 17.—Mrs. Philip N. Moore, president of the General Federation of Women's Clubs, fell and broke her right ankle yesterday afternoon at the home of Mrs. Howard C. Hollister, in Cincinnati, where she is presiding over the sessions of the federation.

Incidentally, it was announced by the women in charge of the movement against the re-election of Mrs. Moore as president that the fight against her would be dropped. Mr. Moore departed for Cincinnati last night in response to a telegram announcing his wife's accident.

Mrs. Moore went to the home of Judge Hollister to attend a luncheon in her honor. She walked into the hallway and turned to remove her wrap, when she slipped on the hard wood floor and fell. Her right foot was twisted beneath her, breaking the ankle. Mrs. Moore fainted and Dr. Allen C. Pool, a neighbor of the Hollisters, was called and ordered her taken to her hotel.

THE I. O. O. F. AT COLUMBIA

Sedalia Working Hard for Grand Lodge Headquarters.

Columbia, Mo., May 17.—The grand lodge of Missouri Odd Fellows meets here today for a three days' session. The delegates began arriving Sunday and between 1500 and 1600 visitors will be in attendance before the grand lodge closes.

The address of welcome was delivered at the Christian church this morning, being responded to by Grand Master D. E. Bird, of Kansas City. The grand parade will be held this afternoon, a feature of it being the boys' band from the Odd Fellows' home at Liberty, Mo.

The meeting will conclude with a grand ball Thursday night at Columbia hall. The Rebekahs, the ladies' auxiliary order, is also holding its grand lodge meetings here.

The city presents a gala appearance in honor of the visitors, expert decorators from St. Louis and Kansas City having had the work in hand. At this meeting ex-Governor Alexander M. Dockery will be installed as grand master, succeeding D. E. Bird.

Sedalia is working hard to succeed St. Louis as headquarters of the grand lodge.

Chamberlain's Stomach and Liver Tablets will clear the sour stomach, sweeten the breath and create a healthy appetite. They promote the flow of gastric juice, thereby inducing good digestion. Sold by all dealers.

LOST COUPONS ARE FOUND

Papers of Estate Valued at \$5,000 Were Thrown in Basket.

New York, May 17.—Mystery of the disappearance of the coupons of an estimate value of \$5,000, the loss of which was reported to the police early in April by Capulo Bros., of No. 52 Williams street, was cleared Sunday when members of the brokerage firm reported that the papers, after having been thrown into a waste basket and carried to the warehouses of a dealer in waste paper, had been recovered.

Henry Metz, of No. 230 Grand street, entered the warehouse to get some foreign postage stamps, periodically collected by the employees for him for a consideration. The finder of the coupons called Metz's attention to the papers and offered them to him for the "price of a couple of beers." Metz paid 10 cents and took the coupons. When he called upon a broker friend he produced two of the coupons. Metz offered them for sale at \$50 each, but meanwhile Capulo Bros. heard of the transaction. A meeting was arranged with Metz, at which the coupons were delivered and Metz given a reward.

INDIGESTION

Relief in Five Minutes and Permanent Cure or Money Back.

When W. E. Bard Drug Co. states that they have a remedy that is guaranteed to cure any man or woman who suffers from food fermentation which causes belching, sour stomach, gas eructations, heartburn and that lump of lead feeling in the abdomen or money back what are the poor stomach sufferers in Sedalia and vicinity going to do about it?

The name of this most remarkable stomach prescription is Mi-o-na. Most people call them Mi-o-na stomach tablets because they know that there is no remedy so good for indigestion or stomach disorders. Here is one opinion:

"I have been troubled with indigestion for more than a year. I bought one box of Mi-o-na and it cured me. Now I would not be without a box in the house for \$50.00. It saves a lot of doctor bills when you can be cured for 50 cents."

"You can use my name if you want to."—Arthur Sederquest, 6 Nichols St., Wakefield, Mass., Nov. 7, 1909.

PEOPLE'S PULPIT

(Continued from Page 1).

ing great and precious promises; that by these ye might be partakers of the divine nature" (1 Peter i, 4.) The door to this Divine nature is the one that will soon shut, as our Redeemer illustrated in the parable of the "Wise and Foolish Virgins." When a sufficient number of "wise virgins" shall have entered to complete the bride class, forthwith the door of opportunity to that station, to that class, to that honor, to that Divine nature, will be closed, and the elect of God will be neither one more nor one less than the number originally foreordained.

"My Spirit Upon All Flesh." St. Paul speaks of this Gospel age, saying, "Now is the accepted time; today if ye will hear his voice, harden not your hearts." Not all hear His voice in these days. The great mass of mankind have not even heard of the name of Jesus, and consequently could not harden their hearts against Him, nor against the terms now offered for return to fellowship with God. This is the acceptable time or period of salvation, in the sense that God is now willing to accept the offerings of believers if they present their bodies living sacrifices. St. Paul declares that this is a reasonable service, holy and acceptable to God (Romans xii, 1.)

The testimony of the church and the high calling have been open during this Gospel age. The testimony to the world and the blessings under that testimony will be during the Millennial age. The death of Jesus is "the propitiation (satisfaction) for our sins (the church's), and not for ours only, but also for the sins of the whole world"—in due time, during the Millennial age (1 John ii, 2.) For, as the Apostle Paul declares, "there shall be a resurrection both of the just and the unjust (Acts xiv, 15.) That will be the time for the precious merit of Jesus' sacrifice to be made known, to be understood, to be appreciated and to bring its blessed results of restitution to whosoever will receive the same.

Then God's Holy Spirit—holy power will, through Christ, be outpoured upon all flesh, upon all mankind. Messiah will inaugurate the new dispensation by sealing with Israel the new covenant in His blood; as says the Lord, through the Apostle Paul, "This is my covenant with them when I shall take away their sins. As concerning the Gospel they are enemies for your sakes, but as touching the election they are beloved for the fathers' sakes" (Romans xi, 27-28.)

This outpouring of the Holy Spirit is not merely for Israel, nor God's blessing merely upon Abraham's natural seed outside of the church class. It will include all of every nation desirous of coming into accord with God, after they shall have come to a clear knowledge of the truth. All nations shall be privileged to enter into and enjoy Israel's great covenant by becoming children of Abraham through faith. And all rejectors of God's grace having been destroyed in the second death, the world of mankind will constitute the promised seed of Abraham, whose number shall be as the sands of the seashore, even as the spirit-begotten ones of this Gospel age are likened to the stars of heaven.

The ancients, the prophets, St. Peter declares, have all spoken of the glorious "times of restitution," and it will be during these times when the Lord shall "pour out His Spirit upon all flesh, that the people may realize what the ancients had seen in visions and in dreams—"the wilderness blossoming as a rose, the solitary places being glad," "fountains in the desert," "the knowledge of the Lord filling the whole earth as the waters cover the great deep, and none needing to say to his neighbor, Know thou the Lord, for all shall know him from the least to the greatest."

Don't drug the stomach or stimulate the Heart or Kidneys. That is wrong. It is the weak nerves that are crying out for help. Vitalize these weak inside controlling nerves with Dr. Shoop's Restorative, and see how quickly good health will come to you again. Test it and see! Sold by D. I. Wilcox.

S. S. S. CURES OLD BLOOD TROUBLES

The only possible way to cure Contagious Blood poison is to remove the cause by purifying the blood. This is just what S. S. S. does; and it is the only medicine that absolutely and thoroughly cleanses the circulation of every particle of the germs and virus of the disease. Mercury, Potash, and other strong minerals are often used in the hope that such powerful treatment will kill the germs, but this can not be done, and when the mineral medicines are left off the trouble always returns with its aggravating symptoms of ulcerated mouth and throat, skin eruptions, falling hair, yellow skin spots, swollen glands, and often running sores. The ability of S. S. S. to cure Contagious Blood Poison comes from its unfailing blood-purifying properties. It goes into the circulation and removes every trace of the infection, makes the blood rich and healthy, and leaves no dregs of the virus to break out later on. S. S. S. does not contain a particle of mineral in any form, but is made entirely of roots, herbs and barks each of which has a direct and specific action in cleansing the blood. In addition it contains the extracts of certain botanical herbs which make it the finest of all tonics, which is a necessary quality for a medicine in curing Contagious Blood Poison. Home Treatment book, containing much valuable information and instruction to be found nowhere else, will be sent sealed and post paid, free to all who write and request it.

LIVE 17 YEARS UNDERGROUND.

Brood 22 of the So-Called Locusts Growing Under Our Feet.

One of the insect marvels is the life story of the cicada commonly and erroneously called the seventeen-year locust. The famous brood twenty-two appeared in the summer of 1902. It extended over a territory from Long Island west to Wisconsin and south to Georgia. No harm is done by these insects except that the trees lay their eggs in bunches in the soft twigs of trees. But it does not hurt a tree to lose a goodly number of its twigs once in seventeen years. The next visitation of these insects is due in 1919.

It is interesting to note that brood twenty-two has a generation of youngsters developing right under our feet, says Country Life in America. They are seven years old this year and have ten years yet to grow before they come to light as winged adult insects.

The life story of a generation begins when the females flock to the treetops and lay their egg masses in the twigs. In a few weeks the eggs hatch and the fat, antlike larvae wriggle out and fall to the ground. Immediately they burrow below the surface and establish themselves each alone in a little chamber near the root of some plant.

In the years of inactive life that follow the insects feed upon humus—possibly also on sap from rootlets. The front legs are developed into tools like cutting jaws for burrowing and getting food.

The insect moults its skin five times during its life underground. These changes occur during the second, fourth, eleventh and fifteenth years. When the seventeenth year is reached

BIG OCEAN LINERS

CROWDED TO THE GUNWALS IS THE REPORT SENT OUT FROM GOTHAM.

MANY THOUSANDS GOING ABROAD

Mourning for King Edward in the Metropolis—Sweeping Changes Are Promised for Next Season's Millinery.

Special to the Democrat-Sentinel. New York, May 17.—Crowding to the gunwales every available ocean liner that can be dispatched abroad, the greatest army of excursionists that ever left this port for foreign ports is today being finally shipped across the Atlantic. For weeks every inch of accommodation on the outbound steamers has been engaged in advance for this record exodus of Americans that is drawing multitudes from every section of the country.

While fully fifty thousand souls have been packed off to Europe from this city within the last few weeks, many thousands more are today besieging the piers, as the ocean greyhounds are sent spinning down the bay in an almost constant procession. When the record of this spring's human shipments is finally tabulated, the experts declare, it will show that no previous year has equaled the present for foreign travel by the people of the United States.

With Union Jacks flown at half mast besides the Stars and Stripes and crepe displayed at every turn of the town, Gotham is still continuing the mourning for King Edward, which has called forth more sentiment for the mother country than has been seen here in many generations. While bitter bursts of Anglophobia are occasionally being called forth by the length and depth to which New Yorkers are going in memorializing the late British sovereign, it is generally admitted that this unusual demonstration comes largely from the great colony of English subjects that forms a large part of the metropolis.

British societies abound here, and thousands of unnaturalized Englishmen do business down town for months between trips to and from their home empire. Though this port was formally evacuated by the British much more than a century ago, it has never lost its close interest in the mother country.

Sweeping changes in the styles of next year's Easter bonnets are today being planned by the millinery dictators here, who bring straight from their Paris headquarters the mandates of fashion to which American women bow. Fruits, flowers and the feathers of barnyard fowls are said to be the only basis on which these creators of confections are now able to work, since the new Audubon law will prohibit the use of the plumage of useful birds, that are needed to destroy crop pests on the farmers' fields, as well as the egret.

That America is just emerging from an era when its women's millinery decorations were torn from the bloody backs of birds, butchered among their broods, is asserted by the Audubon workers, who have brought about this legislation after many years of earnest work. New Yorkers are cheerfully preparing to follow fashions that will lead away from wanton and wasteful extermination of bird life.

Now that the grave at last holds Tom Byrnes, the greatest detective chief that ever guarded this town, hundreds of crooks who trembled at mention of the old man's name are taking their first free breath in a score of years. Even in the last years of his sickness and retirement the criminal classes here stood in awe of the uncanny powers of this staunch Irishman, who ruled them with an iron rod from the days following the Civil war.

While the famous "dead line" which Byrnes drew above Wall street has always been regarded by workers of the underworld as its boundary, many others of his dictators have been respected by them, even when the dictator lay sick and weak up town. New York may struggle to hold in check its criminal element for many a long year before it will find another such man, who can force law and order by the raising of his hand.

through the dark hours before dawn, hundreds of thousands of the men, women and children of this town have within the last week secured some sort of a peep at Halley's comet. Never before have the sleeping hours of this town been so badly broken of alarm clocks been so taxed as in the mad scramble to focus millions of eyes upon this spectacle of the skies.

Calls by telephone have kept the wire forces working through the early morning hours, while all excise regulations have been broken by festive parties intent on staying up to scan the heavens. Before this comet concludes its public performance, every New Yorker evidently intends to have his own look at it.

"BRUSH out well" is the Devco Lead-and-Zinc rule for painting; two thin coats, brushed out as thin as can be made to cover the surface, are better than anything else—except three. Few people paint three coats.

Devco Lead-and-Zinc brushes out well and covers well, because of the fine grinding it gets in making. No hand-mixed lead and oil compares with it for economy and wear.

Dealers sell it; get Devco paint things for all sorts of fixing up.

NOT AN INCH OF HEALTHY SKIN

Left on Whole Body—Boy of Five a Mass of Itching Eruption and His Screams were Heart-Breaking—Bandages Stuck to His Flesh.

CURED BY CUTICURA TWELVE YEARS AGO

"My little son, a boy of five, broke out with an itching rash. Three doctors prescribed for him, but he kept getting worse until we could not dress him any more. They finally advised me to try a certain medical college, but its treatment did no good. At the time was induced to try Cuticura. He was so bad that I had to cut his hair off and put the Cuticura Ointment on him on bandages, as it was impossible to touch him with the bare hand. There was not one square inch of skin on his whole body that was not affected. He was one mass of sores. The bandages used to stick to his skin and in removing them it used to take the skin off with them, and the screams from the poor child were heart-breaking. I began to think that he would never get well, but after the second application of Cuticura Ointment I began to see signs of improvement, and with the third and fourth applications the sores commenced to dry up. His skin peeled off twenty times, but it finally yielded to the treatment. Now I can say that he is entirely cured, and a stronger and healthier boy you never saw than he is to-day, twelve years or more since the cure was effected. Robert Wattam, 1148 Forty-eighth St., Chicago, Ill., Oct. 9, 1909."

Millions of women prefer Cuticura Soap to all other skin soaps for preserving, purifying and beautifying the skin, scalp, hair and hands. For rashes, itching and chafing, red, rough hands, dry, thin and falling hair, for infantile eruptions and skin blemishes and every purpose of the toilet, bath and nursery, Cuticura Soap and Cuticura Ointment are invaluable.

Cuticura Soap (25c), Cuticura Ointment (50c) and Cuticura Resolvent (50c) or in the form of Cuticura Lotion (25c) per box of 60. Sold throughout the world by Dr. J. C. Williams, Boston, Mass. MOUSE TURNS IN ALARMS

Imprisoned in Box Causes Many Unnecessary Runs.

Duquoin, Ill., May 17.—Several times during last week the local fire department has answered alarms, only to find after a run that they were false. The matter came to a climax early Saturday morning, when the firemen were roused from their slumbers to respond to an alarm turned in from the City Hall building.

Indignant at the false alarm, Fire Chief Plumlee set about finding the

perpetrators, and to his surprise discovered an innocent little mouse, which had in some manner gained entrance into the alarm box, had been turning in calls for several days.

The Best Shots in England. Experts declare that the four finest shots in Great Britain are Lord Ripon, Lord Walsingham, Lord Ashburton and Prince Victor Duleep Singh. The Prince of Wales' shooting is so clever that he stands quite apart even from this category.

Lord Ashburton has for years held the record in partridge driving and his parties at The Grange with a bag of 700-odd brace to six guns were such a triumph of good organization that his head keeper was summoned to Sondringham to explain his methods.

Lord Ashburton began to shoot when only 11 and has had some memorable experiences. Lord Ripon was a child of 9 when he first shot and since that time he has made many records. But the biggest records seem to have been made by Lord Walsingham. Among women the best shots with partridges are Violet Lady Beaumont and Mrs. Launcelot Lowther.—Lady's Pictorial.

ECZEMA—A GERM DISEASE, CAN NOW BE CURED.

The Medical profession is all agreed that ECZEMA is a germ disease, but the thing that has baffled them is to find some remedy that will get to the germs and destroy them.

Zemo, the clean, external treatment has solved this difficulty by drawing the germs to the surface of the skin and destroying the germ life that causes the disease. The whole method of treatment and cure by ZEMO is explained in an interesting book on the subject issued by the makers of ZEMO. It tells how to cure yourself at home of Eczema, Blackheads, Pimples, Dandruff, and all diseases of the skin and scalp. Call at Dan Wilcox's drug store for Booklet and learn more about this clean, simple remedy that is now recognized the standard treatment for all diseases of the skin and scalp.
